

The summer reading program for Saint Bonaventure High School is an essential part of our English courses. Along with keeping the students actively reading from their previous school year to the next, it allows for the teachers to assess the students in the beginning of the school year and serves as a starting point for discussion and learning.

The summer reading is a requirement for each English course. Please make certain your child joins the Schoology or the Google Classroom Summer Course appropriate for the grade and class--the Course codes for each class can be found below. Instructions on how to join Schoology and Google Classroom are below as well.

**It is the student's responsibility to enroll in the appropriate Summer course, complete the given assignments by the appropriate due dates, and prepare for discussion and testing on the summer reading within the first week of the school year.**
