The summer reading program for Saint Bonaventure High School is an essential part of our English courses. Along with keeping the students actively reading from their previous school year to the next, it allows for the teachers to assess the students in the beginning of the school year. The summer reading is a requirement for each English course. Please make certain your child joins the Schoology summer course (visit <http://www.schoology.com>). It is the same course for all grades and levels. The Schoology summer course has individual folders with information and assignments for the students. The assigned texts and the Schoology course code for summer 2017 are listed below. It is the student's responsibility to enroll in the Schoology summer course, complete the given assignments, and prepare for testing on the summer reading within the first week of the school year.
