SBHS Update #4

Good Afternoon All:

After listening to the recommendations from the CDC, Ventura Public Health, and the Governor of California, we feel the best decision for SBHS is to **not have students come for class tomorrow**, as previously planned. Faculty will meet at 8:30am to continue the discussion of remote learning. Student may come by to pick up personal belongings and to touch base with their teachers, after 9:30am. Faculty will be on campus until 3pm.

Students are asked to do the following:

1. Fill out the Google Survey that was emailed earlier this morning
2. Secure a place with good Wi-Fi where you can complete virtual assignments
3. Check emails and stay on schedule for completing work as assigned by your teachers
4. Stay in contact with your teachers

We are hopeful to resume school with students back on campus, on April 1st. The school office will be open during this time. Hours will likely change, and that information will be emailed.

Again, thank you for your patience and prayers during this time. I believe taking the necessary precautions helps us protect ourselves in all ways. Stay safe, calm and informed.

God Bless,

Mrs. Christina ` Castro, Principal
St. Bonaventure High School
Ventura, CA 93003
