

DO NOT LEAVE iPads (OR OTHER VALUABLES) IN YOUR LOCKER OVERNIGHT!!

Tips to keep your locker in good working condition:

- Large backpacks or sports bags may not fit into your locker.
- Make sure notebooks and folders are pushed back far enough not to interfere with the latch moving up and down.
- Keep your locker clean. Food left in your locker will draw ants.
- If you have any problems with your locker such as: combination won't work or locker sticks while opening or closing, please see Mrs. Likness in the attendance office. It can usually be fixed promptly. **Never kick your locker to close it!**
- Do not share your combination with ANYONE!

COMBINATION INSTRUCTIONS

Step 1 Turn knob one complete turn to the right. Go right again to your 1st number.

Step 2 Turn knob left (making sure you go past your 1st number) and stop on your 2nd number.

Step 3 Go right again to your 3rd number. Your locker should now open.
