The summer reading program for St. Bonaventure High School is an essential part of our English courses. Along with keeping the students actively reading from their previous school year to the next, it allows for the teachers to assess the students in the beginning of the school year. The summer reading is a requirement for each English course. Please make certain your child joins the Schoology.com Summer Reading course for his/her grade and level. Each Schoology Summer Reading course has more information and assignments for the students. The assigned texts and Schoology course codes for Summer 2016 are listed below. It is the student's responsibility to enroll in the respective Schoology Summer Reading course, complete the given assignments, and prepare for testing on the summer reading on the second day of the school year.
