#### *Leadership Academy Application*

Thank you for your interest in Saint Bonaventure High School's Leadership Academy. Please note:

- To be considered, a student must either be currently enrolled at SBHS or have submitted an application for the upcoming semester.
- All Leadership Academy applications must be turned into the SBHS main office for consideration.
- The application has two parts: 1) The student application and 2) The character reference. The character reference must be received by SBHS before the application will be considered. *Character reference forms must be submitted by the evaluator.*

Name of Applicant: \_\_\_\_\_

Grade (for 2017-2018): \_\_\_\_\_ Gender: \_\_\_\_\_

2016-2017 School Attended: \_\_\_\_\_

Name of Evaluator: \_\_\_\_\_ Relationship to Student: \_\_\_\_\_

*NOTE: Each applicant will select an evaluator to complete the character reference form – this evaluator may not be a family member. Acceptable evaluators include: Pastor, organization leader, teacher, etc.*

***For all of the following questions, applicants can attach additional writing to this application if needed, and may also type their responses if they so choose.***

Why are you asking to be considered for the Leadership Academy?

# LEADERSHIP ACADEMY

What are your expectations for yourself in life, in your work, in your relationships?

Describe the leadership experiences you have had thus far. What have you learned from these experiences?

If asked, what would your friends say about you? What would someone you have disagreed with or had challenges with in the past say about you?

What do you want to learn about? What areas of yourself would you like to grow/develop in?

# LEADERSHIP ACADEMY

## PERSONAL STATEMENT

Please respond to the following prompt:

What inspires you? What motivates you to keep going, and how do you share this with people around you?

*Please submit this application to the Saint Bonaventure High School main office.*

*-Your application will not be considered until SBHS receives a character reference form from your chosen evaluator-*
